2. **Not Prohibited** No action is required apart from printing or emailing the result to the Bowler/Support Personnel's email address for future reference.

3. **Prohibited ACTION REQUIRED:**

The Bowler should speak with their doctor to see if alternative medication is available.

If this is not an option:

a. If the Bowler is a member of the "Indoor Bowls National Registered Testing Pool" or "Indoor Bowls Domestic Pool", they will be required to obtain a Therapeutic Use Exemption (TUE) in advance of their participation in our sport.

Bowlers will be advised when they have been included in a testing pool.

b. If the Bowler is not a member of a testing pool, if necessary, they can apply for a retrospective TUE after sample collection has taken place.

Full details of the TUE procedures can be found at www.ukad.org.uk/support-personnel/about-TUE

PLEASE NOTE that the onus is now on all Bowlers to check their medication. It is no longer necessary to complete a "Medical Declaration Form" or carry a copy of their latest Prescription, as have been the practices in the past.

All Bowlers/Support Personnel should also note the following websites:
