3. Opening Remarks from Chairman of the Board

Josh Pounds welcomed everybody to the Annual General meeting. The Chairman addressed the meeting commenting as follows:

“Good afternoon, Ladies and Gentlemen and welcome to the 2023 Annual General Meeting of the English Indoor Bowling Association.

Firstly, I would like to ask for all those that are able to do so to please stand as we observe a minute’s silence for all the members of our bowling community that we have sadly lost in the last 12 months.

I would like to start, as I did last year, by passing on my personal thanks to all the staff at the EIBA, who have worked tirelessly over the last 12 months. Sadly, Joanne Shore hung up her EIBA badge and jacket in December after an amazing 19 years’ service to our association and our sport – to say that she has been and will continue to be sorely missed is very much an understatement. I would like to extend my thanks to those members of staff, Steve, Sue, Carl, Sophie and our Chief Executive, Peter Thompson, who have stepped in and indeed stepped up to ensure that we can continue to deliver the same level of service, despite our depleted numbers – your hard work has not gone unnoticed.

The Board of Directors have, I believe, a thankless task. All working tirelessly and passionately for our association and our sport. I for one am grateful for their continued hard work, dedication and support and would like to thank them for their endless and, more importantly, voluntary time.

Now I was going to apologise at this point. Apologise for the fact that a lot of what I am about to say bears much resemblance to what I said last year – but I am not going to do that, as much of what I said still stands true today, twelve months on.

I truly believe that we are at such a pivotal moment for the sport of bowls, not just indoors but across the many various codes of our great and historical game which dates back to the 13th Century in England, and it is still here to today! We do not ‘own’ bowls, it is not ‘our sport’ we are just the current custodians of bowls, and it is our responsibility to make sure that is around for the future generations and the centuries to come.

Currently, and forgive my frankness, I believe that we are falling short in achieving this goal. Bowls is not in a good position, and we need to ensure that we turn the tide on this decline, before it is too late. We all have part to play in this, not just us as the NGB’s, not just county associations or club boards and committees, but all of us, together, working in tandem to achieve a greater goal. It falls to each and every one of us to do our bit and pull together collectively for the good of our sport. This is by no means an easy task, but one that I am confident we can achieve.

We have, without a doubt, been through an extremely turbulent time over the last few years with a global pandemic and a cost-of-living crisis, but it is how we rebound and bounce back from this now that really matters and is what, I believe, we must focus on.

We as a board of directors have done all we can over the last few years to ensure this organisation continues to deliver for the sport of indoor bowls in England and, more importantly, for our members. Unfortunately, this includes having to make some difficult, challenging and sometimes not very popular decisions. Take the recent National Competitions area changes for example, we have been flooded with comments and questions – the overwhelming majority of which have been positive, and people have recognised what we have attempted to achieve with this move. We have addressed the declining numbers, addressed the inequality between areas and number of entries and therefore rounds to play. And of course, tried to bring some balance to the distances that some players travel to play these matches. We may not always get things right, and we know that we will never please everybody, but what I can absolutely assure you is that every decision we make, we make with the absolute best of intentions. We always put bowls and the bowling community first.

To that end, I come to the proposed increase in affiliation fees for the coming year. We have endeavoured to keep increases to a minimum in recent years but have unfortunately reached a pinch point. A global pandemic resulting in zero bowling activity and us taking the decision to refund affiliation fees back to clubs, despite our overheads still being in place, and now a cost-of-living crisis has meant that this is no longer possible. We must generate additional income simply to maintain our current position and keep us viable and equipped for the future. We have not taken this decision lightly and recognise the impact this may have on clubs and their subscriptions for the coming season, hence our offer to maintain the suggest £5 level for the next three years.

We are committing to use this additional revenue to strengthen our sport from grass-roots level right up to competitive, national, and international level. We commit to continued improvements in the governance of our sport – ensuring that the EIBA is fit-for-purpose and, more importantly, fit for the 21st century. More support for clubs in recruitment, marketing and promotional activities and more hands-on approach to recruitment and retention schemes. This rise in affiliation fees for the next three years is not just for the EIBA, it is for the sport of bowls. The sport that we all love.

Bowls really is a unique sport – it is fun, challenging, social, competitive, friendly, accessible, somewhat physical and addictive. I am sure you can all remember the first time you picked up a bowl and caught the ‘bowls bug’. I was only 10 and I have now had 20 years of fun, enjoyment and success out of the sport and some of you will have had many more than that. But we have had our enjoyment, fun and success and I hope you all continue to do so for many years to come, but now we need to turn our focus to the next generation of bowlers, the next custodians of bowls, the new group of club members, the next set of club, county and national champions and the next group of club, county and national administrators and officers. We must ensure that bowls not only survives the next 5, 10, 20, 50 years but, that it thrives! And that is on all of us, collectively to ensure that it does, and to ensure that bowls remains an easily accessible sport for all and for the future.”

4. Minutes of the Annual General Meeting of EIBA Ltd held on 14th May 2022

The Chairman advised that the Minutes of the last AGM had been circulated to all Members. He then sought a Proposer and Seconder to formally approve the Minutes.

The adoption of the minutes of the Annual General Meeting held on 14th May 2022, were then proposed by Alan Ratcliffe (Kempston Park IBC), seconded by Mike Lambert (Egham IBC) and then duly approved by the meeting.

5. Directors Report including Business Review and Financial Report with Accounts

The Chairman referred to the Directors Report, Business Review and Financial Report (with Accounts), which had been circulated.

The Chairman asked Peter Thompson (EIBA Chief Executive) to address the meeting on behalf of Stephen Hill (Director – Finance):

“In my financial report of last year, I said that matters remained difficult and that was still the case over this financial year.

As mentioned in the Directors’ Report the sport was still facing the impact of the COVID-19, membership levels were 22% lower than before the pandemic and the impact of continual increases in the cost of living seeing higher than expected expenses.

The reduction in the total assets of just over £100,000 is largely due the Company’s decision to recognise the support of those clubs who paid the Company the full affiliation and levy the previous year, by refunding 50% of their declared levy payment. As you will have seen in the accounts this totalled a £71,623 refund back into the running of the sport.

The other main factor was the higher expenditure for International, £16,000. We hosted the inaugural World Bowls Indoor Championships, which finally took place in April after being postponed in 2020, but unfortunately the support secured to cover staging costs then were not able to be renewed this time. In addition, a full programme of International Series took place in October, with two of these being in Northern Ireland, which saw higher than expected expenditure in hotel accommodation and airfares.

Finally, the addition of the OSC to the EIBA administration saw a deficit of £8,931. However, £5,635 of this is due income being deferred into next year’s accounts.

With the Head Office staff levels returning to where they were pre covid and a reduction in our own affiliations and grants paid to associated bodies, such as the International Indoor Bowls Council, British Isles Bowls Council and Coach Bowls our core expenditure was maintained.

Turning to the year ahead. Our activities have, thankfully, returned to more normal levels. However, we, as all of you, are seeing higher costs and consequently our fees will need to be increased to ensure that the Company can continue to provide the same levels of governance for the sport.

This is why the Board have recommended, for the reasons outlined on pages 14 & 15 of the AGM booklet, the acceptance of the £5.00 levy, which will be held for at least the next 3 years and increased Club and County affiliation fees.”

With there being no questions from the floor of the meeting, the Chairman then sought acceptance of the Directors Report, Business Review and Financial Report (with Accounts) - proposed by Patrick Canavan (Dorset CIBA) and seconded by Nigel Van Dyk (Deangate Ridge IBC). The meeting accepted the Reports.

CLOSE OF BUSINESS

The Chairman thanked everybody for attending and formally closed the meeting.

Open Forum

The Chairman invited Members to table any Questions or comments from the floor for discussion and consideration at future meetings of the Company.

Mike Jackman (Whiteknights IBC) commented that:

- ❖ he wondered if the meeting could be updated on the current situation regarding players eligibility to play in the Yetton and Vivienne National Competitions.

Peter Thompson advised the meeting that:

- ❖ the conditions of entry to the Vivienne had been changed for the 2022-2023 Season due to there being only 45 entries, which was lower than pre-COVID, when there had been 60 entries.
- ❖ In 2022-2023 there were 61 Entries, with just 2 "walk-overs" compared with 14 in the 2021-2022 Season.
- ❖ the EIBA had received feedback from other clubs. Lincoln had suggested that a maximum of "6 Yetton Players" could also play in the "Vivienne"
- ❖ for the 2023-2024 Season, the conditions of entry would remain as for the previous year, after which there would be a further period of consultation with all Affiliated Clubs.

Mike Jackman (Whiteknights IBC) commented that:

- ❖ he thanked the Chief Executive for his update. He felt that the Lincoln suggestion was worthy of consideration and he looked forward to taking part in the consultation process.

Nigel Van Dyk (Deangate Ridge IBC) commented that:

- ❖ he was disappointed that so few people had indicated that they would attend the Pre-AGM Seminar, when it had been planned to hear an update from the EIBA on the following topics – "Planning Recruitment Campaigns"; "Benefits of On-Line & Social Media Communications" and "EIBA's Vision 2023 To 2027"
- ❖ he wondered why the content of the Seminar had not now been included as part of the AGM.

Peter Thompson advised the meeting that the Board had hoped that a "Pre-AGM Seminar" would provide attendees with an opportunity to enter into a dialogue with the EIBA, without having the possible pressure of other "AGM attendees" feeling that they did not wish for the meeting to take so long and thereby delay their journey home.

Mike Jackman (Whiteknights IBC) commented that a start time of 11 am for the "Pre-AGM Seminar" would have required a very early start for some Club or County representatives that wished to attend.

Peter Thompson advised the meeting that the Board would take on board the comments made by Mike and Nigel at a future Board meeting, as the EIBA is keen to develop such events with a view to aiding communications and support for Affiliated Members.

The Chairman closed the Open Forum, thanking everybody for their attendance.

The meeting closed at 2.55 pm
