

### National Competition entries 2018/19

Entries for next season 2018/19 will be based on an **18 AREA QUALIFICATION** basis through to National Finals. Upon reaching National Finals the 4 areas with the least number of entries in each competition will play a preliminary round to reach the last 16. As in previous years this format will not affect those areas who have the higher entries and higher number of qualifying rounds. There is every possibility that unless there is a major increase in entries the same 4 areas who currently play an inter-area play-off would be subject to the preliminary game, however, on a positive note it would mean that ALL area winners are in the NATIONAL FINALS environment and feel more of a sense of achievement.
