Dear Club Member

3rd November 2011

Facilities Strategy

The Bowls Development Alliance Team are currently working with the EIBA to develop a Facilities Strategy for the sport of bowls

The reason for this is to:

- Identify the facility needs of **all** clubs across all the bowls family.
- Include the document as part of the new **Whole Sport Plan 2013-2017** which aims to secure a further four years of funding for the development of the sport of bowls.
- To be used as evidence of need to **assist** in securing funding for the development/refurbishment of bowls facilities in the future.

It is hoped that all Clubs will complete the questionnaire which will provide us with the information we need to develop a plan.

It is hoped that this document will be published in April 2012

Could we ask that you spend a few minutes completing the form and return to us no later than the 9th December 2011 either by email or by post so that we can commence this important work.

Using the evidence we gather we can put forward a strong case for the development of bowls facilities in order to sustain the membership of our clubs

Thank for your support

Kind regards

Susan Cooper

Bowls Development Alliance Manager
