

BULLION HOUSE PARTNERS WITH THE EIBA

The English Indoor Bowling Association is delighted to announce a new 2-year partnership with Bullion House, a London based gold and precious metal dealer.

The agreement sees Bullion House named as the Official Bullion Partner of the EIBA and sponsor of its National Winter Men's and Women's Triples and Fours Competitions. The partnership will also see Bullion House inviting indoor clubs across the country to get in touch and arrange a precious metal buyback event at their club, giving their members the chance to have their jewellery, tableware, gold and silver valued, with no obligation to sell, at some of the most competitive prices in the industry.

Founded in 2015 and operating from its showroom on Baker Street in Marylebone, Bullion House is a trusted dealer of gold, silver and collectable coins, and an approved dealer for both PCGS and NGC. With over £40 million returned to customers through buyback transactions since 2019, Bullion House is a trusted destination for investors and collectors alike.

Richard Lyttle, Founder and CEO of Bullion House, said "Coming from a Bowls family and as a bowler myself, I am honoured to working alongside the English Indoor Bowling Association, knowing we are supporting these fantastic clubs up and down the country."

Peter Thompson, Chief Executive of the EIBA, said "To secure Bullion House as an Official Partner is a great boost to the Association and the sport of indoor bowls. This is an exciting time with Bullion House sponsoring our Men's and Women's National Triples and Fours Competitions but also looking to support our clubs and bowlers with specific 'Buy Back' events."

The partnership will formally commence with a gold buyback event at the EIBA Summer National Finals, held at Melton Mowbray Indoor Bowls Club, on Saturday 19th September 2026, where players, spectators are invited to attend.

Both EIBA and Bullion House are looking forward to a long and successful partnership. For clubs who are interested in hosting a 'Buy Back' event are encouraged to contact Bullion House on 020 7117 2889 or email hannah@bullionhouse.co.uk
