Guideline 1

Bowls Club Welfare Officer – Job Description

1. Core Tasks

- Assist the club in developing or adopting the national governing body Safeguarding and Child Protection Policy and Procedures.¹
- Assist the club to identify areas for development to ensure a safe and welcoming environment for young players.
- Be the first point of contact for staff, members, volunteers, children and parents for any issue concerning safeguarding children, poor practice, potential or alleged abuse.
- Ensure that all incidents and concerns are dealt with in accordance with policy guidelines.
- Ensure that all relevant members, volunteers and staff have the opportunity to access appropriate child protection training, with the support of the club/national governing body.
- Ensure that appropriate procedures for recruitment of staff and volunteers are in place locally and managed nationally including DBS disclosures.
- Maintain contact details for Child Social Care (CSC) (previously Social Services), the Police and NGB Designated Safeguarding Officer.
- Ensure that Codes of Conduct are in place for staff, volunteers, coaches, and children and that there are guidelines for parents and members and they are communicated to the relevant parties.
- Advise on child protection issues or be in attendance as necessary on Club or County Management Committees.
- Maintain confidentiality.

2. Core Skills

- Basic administration and record maintenance.
- Communication skills.
- Experience in work with children and knowledge about child protection and safeguarding.
- Ability to manage local safeguarding policy and procedures with the support of the club/National Governing Body.

¹ The Bowling Development Alliance Safeguarding Bowls Policy and Guidelines provide guidance and templates to assist with this

3. Recommended Training

- **NSPCC Child Protection Awareness in Sport & Active Leisure**

Pack of 4 modules which when completed result in a certificate of completion.

www.educare.co.uk tel: 01926 436212

- **Safeguarding –Sports coach UK (3 hour workshop)** - Aimed at coaches but Club Welfare Officers can also attend as they are local and organised by the County Sport Partnership (see CSP websites).
- **Safeguarding (3 hour workshop)** – A tailored course specifically for Bowls Club Welfare Officers, delivered through Sport Structures. A National programme of delivery will be developed making these courses as accessible as possible.

For further information on training courses visit the website www.safeguardingbowls.org

Guideline 2

Safe Recruitment Guidelines

Grassroots bowls needs the many thousands of volunteers to ensure the game grows. It is very important that the right people are encouraged to volunteer their services in the many different roles there are to play.

The following guidelines reflect Government guidance and legislation and are aimed at ensuring all involved in working with children are suitable to do so.

Advertising a Volunteer Vacancy

Often when a volunteer position becomes vacant, an internal candidate may already have been identified, and an informal approach by the secretary or committee member would normally be made to confirm the interest of the individual.

If there is no such candidate then an internal notice could be placed on a notice board in the club house or circulated by word of mouth.

However, the system of recruitment should remain the same with both paid staff and volunteers and all roles involving responsibility for young people should have robust recruitment procedures in place to ensure safe and appropriate staff and volunteers working with children in bowls.

The club or organisation should provide the following:

- A job description detailing the overall purpose of the role, its scope and the skills and experience required to carry it out.
- Information about any responsibility for young people within the role – including whether the role is in “regulated activity”, i.e. whether, in addition to responsibility for children, it is frequent (weekly or more often) or intensive (overnight, four or more days in a 30 day period) in which case the post will be eligible for a DBS check.
- An application form.

Any advertisement for the role should include:

- the aims of the organisation.
- a description of the role, key responsibilities and minimum experience and skills required.
- copy of codes of conduct for employees, volunteers and children and guidance for parents and carer.
- short statement that reflects the club or organisation’s commitment to Safeguarding.
- how candidates apply and a closing date for application.

- contractual information: is the post paid/unpaid? permanent/temporary/part/full time?
- hours and location.
- whether the post requires a DBS check.

Application

Everyone should complete an application form. This will assist in decision making and does contain all the personal details which are required for administrative purposes. See template form.

Self-Declaration Form

As part of the application process all individuals should complete a self-declaration form, declaring any convictions or cautions including all spent or unspent convictions. See template for a sample form to use.

References

Two written references should be requested one of which should know of the candidates previous experience with children. This is particularly important if the person is not known to the club or organisation. If an individual has no experience of working with children then training would have to be undertaken.

Qualifications

Required qualifications will be checked as part of the interview process.

Induction

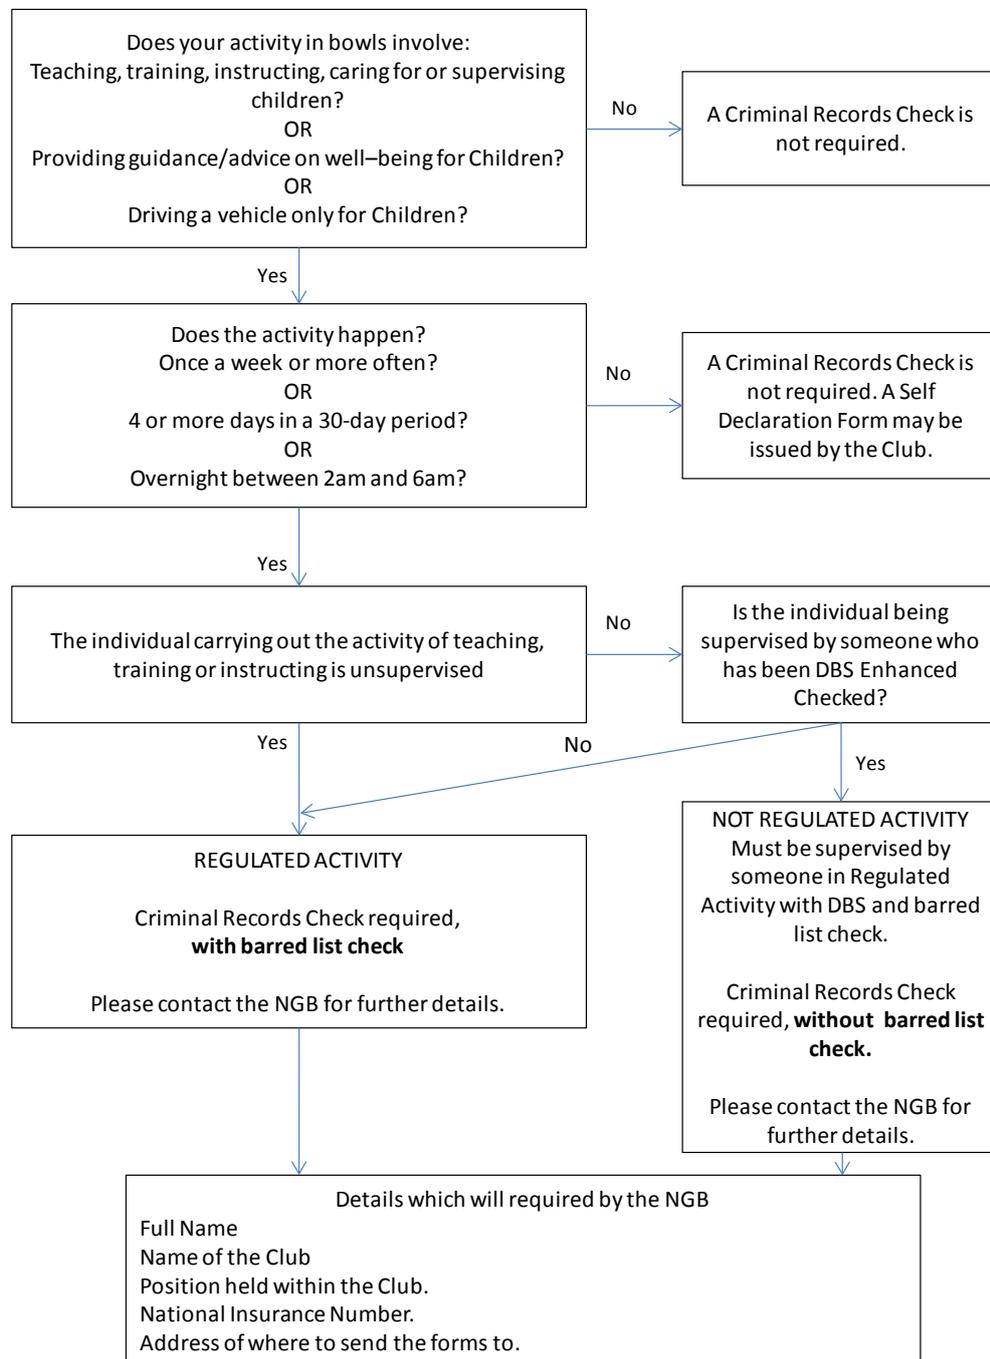

All new staff and volunteers will receive advice and support when new to role. Their progress will be monitored with a clear process of induction outlined.

Salaried Staff

Each employing body will be expected to follow its each own recruitment guidelines, which will include safeguarding considerations. If salaried staff is in regulated activity, safe recruitment guidelines would be applied.

Following changes introduced under the 2012 Act only those people in “regulated activity” meet the eligibility criteria for a DBS. Therefore firstly refer to the flowchart below to see if you require a DBS check.

Do I require a DBS check?

Barred list check: a list of people barred from working with children.

Should you meet the eligibility criteria please contact your relevant National Governing Body to request a criminal records check application form – contact details are shown in Guideline 9 Useful Internal Bowls Contact List.

Guidance on completing and returning the application form will be provided to all applicants.

Guideline 3

Whistle Blowing Guidelines

Introduction:

Bowls England and EIBA Ltd, working together with the Bowls Development Alliance, are committed to creating and maintaining the safest possible environment for adults, children and young people to participate in the sport of bowls and recognise their responsibility to promote a safe environment for any concerns to be reported without fear of reprisal.

This policy should be read in conjunction with the three organisations' own policies about whistleblowing for all complaints raised within Bowls.

What is Whistle Blowing?

Whistle blowing is an early warning system. It is about revealing and raising concerns over misconduct or malpractice within an organisation or within an independent structure associated with it.

The Public Interest Disclosure Act 1998 protects those who raise legitimate concerns about specified matters. It makes provision about the kinds of disclosure that may be protected and the circumstances in which disclosures are protected. This policy is therefore intended to comply with the Act by encouraging everyone in bowls to make disclosures about fraud, misconduct or wrongdoing in the sport of bowls and anyone within it, without fear of reprisal, so that problems can be identified, dealt with and resolved quickly.

Principles

- You should be aware of the importance of eliminating fraud or wrongdoing, and report anything that you become aware of that is illegal.
- You will not be victimised, subject to detriment or dismissed for raising a legitimate matter under this procedure.
- Covering up someone else's wrongdoing is also a disciplinary offence. Never agree to remain silent about a wrongdoing, even if told to do so by someone in authority.
- You will not be penalised for raising a qualifying disclosure even if it is not upheld, unless the complaint was both untrue and made in bad faith.
- It is not the responsibility of the person reporting the disclosure to investigate – it is the responsibility of the respective National Governing Body (Bowls England or EIBA Ltd) to investigate.
- Confidentiality should be upheld in line with legislation and government guidance. Confidentiality will be maintained during the process to the extent that it is practical and appropriate in the circumstances.
- Maliciously making a false allegation is a disciplinary offence.

Objectives of the Policy

All club and county members, committee members, coaches, volunteers and parents should have an understanding of whistle blowing.

All club and county members, committee members, coaches and volunteers should know where to access the Safeguarding Bowls policy for whistle blowing and to follow it when anything is reported.

All players and parents should be aware of the policy of the National Governing Body, club or county and of what action should be taken when legitimate concerns arise.

Individuals should be assured that they will be supported when concerns are reported.

Qualifying Disclosures

Bowls England and EIBA Ltd would expect its members or participants to report any of the following:

- A criminal offence (including fraud)
- A failure to comply with a legal obligation
- A miscarriage of justice
- The endangering of an individual's health and safety
- Damage to the environment
- Deliberate concealment of information relating to any of the above

Where the nature of the disclosure is not included in the above list, it should be made by way of the relevant National Governing Body's Grievance Procedure and/or Safeguarding and Protecting Children and Vulnerable Adults Policy and not under the Whistle Blowing procedure.

Your belief must be reasonable, but it need not be correct. It might be discovered subsequently that you were in fact incorrect, but you must be able to show that you held the belief in good faith and that it was a reasonable one to hold in the circumstances at the time.

Disclosure Procedure

1. If you wish to make a qualifying disclosure you should in the first instance report the situation to an appropriate manager/person.
2. Such disclosures should be made promptly so that investigation may proceed and any action taken quickly.

3. All qualifying disclosures will be taken seriously. The disclosure will be promptly investigated and as part of the investigatory process, you will be interviewed and asked to provide a written statement setting out the nature and details of your qualifying disclosure and the basis for it. Confidentiality will be maintained during the process to the extent that it is practical and appropriate in the circumstances.
4. In order to investigate a disclosure Bowls England and/or EIBA Ltd must be able to determine the scope of the investigation and the individuals who should be informed about the disclosure. Bowls England and/or EIBA Ltd reserve the right to appoint another investigator to investigate the disclosure other than the designated person to whom you reported.
5. Bowls England and/or EIBA Ltd may ask you to attend a meeting at a reasonable time and place at which your disclosure can be discussed. You should take all reasonable steps to attend that meeting and you have the right to bring with you an appropriate other individual of your choice.
6. Once the investigation has been conducted and completed, you will be informed in writing of the outcome and the National Governing Body's decision as soon as possible.
7. If you wish to appeal against the National Governing Body's decision, you must do so in writing within five working days of the decision. On receipt of an appeal a senior officer or member of the Case Management Group shall make arrangements to hear your appeal. Your National Governing Body may ask you to attend a meeting at a reasonable time and place at which your appeal can be discussed. You should take all reasonable steps to attend that meeting and you have the right to bring with you an appropriate other individual of your choice.
8. Following your National Governing Body hearing your appeal, you will be informed in writing of the outcome and their conclusion and decision within five working days.
9. Once the National Governing Body decision has been finalised, any necessary action will be taken. If no action is taken, the reason will be explained to you.
10. If, on conclusion of the above stages, you reasonably believe that appropriate action has still not been taken, you may report the matter to the proper authority in good faith. The Act sets out a number of prescribed bodies or person/s to which qualifying disclosures can be made. However, Bowls England and EIBA Ltd always encourage members and staff to raise their concerns directly in the first instance, rather than externally. This enables issues to be dealt with promptly and speedily.

Implementation

The Bowls Development Alliance, Bowls England and EIBA Ltd endorse this policy and will ensure that it is followed by all bowls organisations that fall within their remit. This policy is to be implemented within all Bowling Organisations.

Guideline 4

Confidentiality Guidelines

Confidentiality refers to guidelines within Bowls about when information can be shared, with whom and rules around when it is not appropriate to share information.

Every effort should be made to ensure that confidentiality is maintained for all concerned. However there are circumstances when it is important that information is shared including to report or prevent harm to a child.

Information should be handled and disseminated on a need to know basis only.

This includes the following people:

- Club Welfare Officer
- Parents/guardian of the person who is alleged to have been abused (if the concerns relate to the parent or guardian, seek advice from the National Governing Body Designated Safeguarding Officer, who will liaise with Children's Social Care services, about sharing information)
- Person making the allegation
- Children's Social Care/police
- National Governing Body Designated Safeguarding Officer

Information should be stored in a secure place with access limited to designated people, in line with data protection laws (e.g. that information is accurate, regularly updated, relevant and secure).

Data Storage

When you're storing data, remember to comply with the Data Protection Act. The Act requires that you keep your clients' personal data secure, 'with appropriate technical organisational measures taken to protect the information'. In practice, this means you should encrypt personal data and protect it with a password, as well as taking physical precautions to keep it safe - lock away computers at night and secure servers and external hard drives with anti-theft cables.

- The Act requires that you take steps to keep personal data secure
- Encrypt sensitive data with a password
- Take physical precautions to keep data safe

Guideline 5

Travelling and staying away Guidance

This guide has been created to help coaches, officials and parents to understand the roles and responsibilities involved in taking players away.

It should be used alongside Safeguarding Bowls' other relevant policies and guidance, particularly those relating to the safeguarding and protection of children.

A. PLANNING AND TRAVELLING FOR AWAY FIXTURES

Planning

Home fixtures are likely to resemble coaching sessions and the duty of care will be similar. However, even the simplest away trip requires some planning. This section gives guidance on away fixtures and day-trips that do not include overnight accommodation.

When planning any events it is useful to complete a risk assessment to ensure that all key aspects are covered. The following website will provide helpful advice and tools <https://thecpsu.org.uk/resource-library/2013/partnership-check-and-challenge-tool/>

Communication with parents, guardians and carers

For a simple away fixture, this may amount to: the method of transport; the pick-up point and estimated time of return; the destination and venue; details of the competition; the name of the coach and/or team captain (with contact details); emergency contact details; and a note of any costs (fares or money required for meals). Also clarify any special requirements for all children, particularly those with disabilities, if appropriate.

TRANSPORT

The transport policy gives full information about appropriate procedures for transporting children which should be applied for all event planning

Checking the suitability of supervising adult

All people acting in a supervisory capacity with children or vulnerable adults must, as an absolute minimum, have completed a Safeguarding Bowls self-declaration form. If in regulated activity (see the safe recruitment guidelines), the adult should have DBS Disclosure which has been seen and deemed satisfactory by the National Governing Body Designated Safeguarding Officer. Information about this can be obtained either from Bowls England or EIBA Ltd.

Mixed groups

Where the group is of mixed sex there should be at least one male and one female member of staff (including coaches, parents and other nominated volunteers). The number of staff and their differing responsibilities will be determined by the profile of the trip. Consideration should be given to the individual requirements of disabled players and those with special needs.

Roles and responsibilities of the adult

Parents expect their children to be cared for safely and sensibly. All staff (including coaches, parents and other nominated volunteers), are expected to take the role of a responsible parent; to be acting in loco parentis.

All staff should be provided with a full itinerary, including emergency contact information for the children's parent(s) or guardian(s) and full transport arrangements. It can be difficult supervising groups where the parents of some players are also present. In this situation it should be made clear beforehand that players are part of a group, that this group is under the supervision of a designated person/s, and that individual parents should not seek to compromise the situation.

There should always be a list of group members, so that a simple head count or register can be taken at any time. Also ensure there is easy access to home and emergency contact numbers. It is vital for the responsible adult to acknowledge the significance of his or her role and to abstain from drinking alcohol whilst in charge of children.

Staff to player ratio

Any trip must have a suitable ratio of staff to players. The factors to take into consideration are:

- Gender, age and ability of the group
- Players with disabilities, or special educational or medical needs
- The duration and nature of the journey
- The competence and likely behaviour of the players
- The experience of the staff in supervising players

Staffing ratios are difficult to prescribe as they will vary according to all of these factors, as well as the location of the fixture or event, the type of activity being undertaken and the resources available. However, consideration must be given to ensuring that there are enough people to deal with an emergency.

As a guide, a ratio of 1:8 should be considered as a minimum for players aged 11 years and over. For younger children and people with disabilities, this ratio may be increased. There should always be more than one adult supervising any group.

Supervision while travelling

On each trip, one adult – normally the team manager/coach – will take overall responsibility for the group (at all times). For the purposes of this document, this person is referred to as the “team captain”.

The level of supervision needed while travelling should be considered as part of the risk assessment.

Ideally, drivers will not be responsible for supervising players, but this may be the case with smaller groups.

Where appropriate, all group members should be made aware of the position and operation of their vehicle's emergency door, and the location of any first aid or fire equipment.

Factors that the team captain should consider when planning supervision on transport include:

- The safety of the group near roads and other dangerous locations.
- Safety on buses, trains, ferries and planes. The team captain should make clear to the group members how much or how little freedom they have to roam (misbehaviour is one of the main causes of accidents to children – appropriate supervision and discipline should be maintained at all times).
- Sufficient stops at suitable places, to ensure the safety and comfort of all group members including the driver.

The team manager/coach should meet with all the travelling players at the beginning of the trip to set down clear ground rules and responsibilities.

Public transport

When public transport is being used, the organiser should, where possible, book well in advance and arrange for seats to be reserved so that the party can travel together.

Breakdowns and accidents

In the event of a breakdown or accident, the group should remain under the direct supervision of the team captain or other designated staff. If the accident is of a serious nature, then the relevant National Governing Body's Designated Officer should be informed immediately.

First aid

The team manager should know how to contact the emergency services and have access to the minimum first-aid provision.

Other medication

The team manager should be aware of any medical conditions the players may have, including allergies. Members of staff and volunteers should not give medication to young people and should be informed by parents about arrangements for medication.

Emergency procedure

If an emergency occurs during a trip, then the following steps should be taken:

- Establish the nature of the emergency as quickly as possible.
- Ensure that the group are safe and supervised.
- If relevant, establish the names of any casualties and get them immediate medical attention.

- Ensure that any group members who need to know are made aware of the incident, and that all group members are following correct emergency procedures.
- If there are casualties ensure that a member of staff accompanies these people to hospital, if relevant, and that the rest of the group are adequately supervised (and kept together) at all times.
- If necessary, notify the police immediately.
- Notify the relevant National Governing Body's Designated Officer immediately.
- As soon as it is safe and sensible to do so, write down all relevant facts and any witness details, as accurately as you can, to preserve any evidence.
- Keep a written account of all events, times and contacts after the incident.
- Complete a Safeguarding Bowls incident/accident report form as soon as possible.
- Ensure that no-one in the group speaks to the media. All media enquiries should be referred to the relevant National Governing Body immediately.
- Ensure that no-one in the group discusses legal liability with other parties.
- Those in charge of a trip have a duty of care to people under the age of 18. They also have a common law duty to act as any reasonably prudent parent would.
- Staff should not hesitate to act in an emergency and to take life-saving action in an extreme situation.

Procedure for the Home Contact

If contacted about an emergency, the person acting as the Home Contact should:

- Verify that the team manager has control of the situation and establish if any assistance is required.
- Contact parents and keep them as well informed as possible.
- Liaise with the relevant National Governing Body's Designated Officer immediately.

Public liability cover

Organisers and team captains should ensure that public liability insurance is in place and that they are aware of any limitations in cover. They should take a copy of the policy with them, or at least know where the policy is kept.

Personal accident cover

Organisers should ensure that adequate personal accident insurance is in place and that they are aware of any limitations in cover.

Insurance while travelling

Passengers travelling in motor vehicles in the UK are covered (under law) by insurance policies required under the Road Traffic Act (1988). Best practice is to check the insurance certificates for any vehicle that is being used to transport players. At the same time, it is prudent to check driving licences. For self-drive vehicles, consideration should be given to the extent of accident cover (noting any accidental damage or glass breakage excess), and the availability of breakdown and recovery services.

SECTION B: OVERNIGHT STAYS - PLANNING THE TRIP

When planning a trip you must allow sufficient time for all these requirements to be completed. The following areas need to be considered:

Purpose of trip

- Are you clear what the trip is for? Is it for training, competition or socialising, or will it be a combination of all three?
- When, where and for how long?
- Having confirmed the purpose of the trip, consideration should be given to:
 - The likely date: look at the sporting calendar and, with school age children, take note of any examination periods. Also bear in mind any religious festivals and events.
 - The duration of the trip: taking into account the purpose of the trip, the age of the children involved and the distance travelled.
 - Suitable venues: including sporting facilities and accommodation.

Who will be going?

Players

The objectives of the trip will largely determine who takes part. The following factors should be considered:

- Is the group predominantly of one age or is there a wide range of ages?
- Is it a mixed-sex group?
- How large is the group?
- Do any members of the group have disabilities, or special educational or medical needs?

Staff

The profile of the playing group will, in turn, determine staff issues such as:

- The ratio of adults to children.
- Suitable members of staff and volunteers.
- Requirements for any specialist staff, e.g. physios, trainers or medical staff.

How much will it cost?

The planning stage should also incorporate some estimate of the cost of the trip.

Factors to consider include:

- How much is travel and accommodation?
- How much will staff be paid? (And who will pay them?)
- What will be included in the overall cost?

With groups consisting of younger players, organisers should try to include all the basic requirements in their assessment of overall cost. This helps to ensure that children do not take insufficient funds for their meals and other expenses.

Spending money

Players usually need to take some spending money for themselves. This can be a problem, as children are vulnerable where money is concerned. Parents should be given some indication how much their child will need; as it is particularly difficult to manage a situation where one child has barely enough and another has large amounts left over. This should form part of your pre-tour discussions with the parents and guardians.

Assessing the risk

No amount of planning can guarantee that a trip will be totally incident free. But good planning and attention to safety measures helps to reduce the likelihood, severity and consequences of any incident.

To ensure that appropriate procedures are in place for any activity, the first step is to identify and assess likely problem areas. Any formal assessment of the potential risks should be made with the explicit intention of reducing these risks.

Ultimately, children must not be placed in situations that expose them to an unacceptable level of risk. Safety must always be the prime consideration. Risk assessments should be based on the following considerations, and you should keep a detailed, written record of every assessment you undertake:

- What are the hazards?
- Who might be affected?
- What safety measures need to be in place to reduce the risks to an acceptable level?

- Can the group leader put these safety measures in place?
- What steps will be taken in an emergency?

These questions should be asked of each and every aspect of the trip, including: the venue; transportation; staffing; sleeping arrangements; food and catering arrangements; and all the activities included in the programme.

A pre-trip visit is recommended good practice. It gives you the opportunity to check many of the above points. When this is not practical, advice from other place to plays or people in your place to play/county who have been to the venue can prove invaluable.

Your risk assessment will also help to determine how many staff are needed to supervise the trip. Where a trip or individual activity is particularly vulnerable to changes in the weather, staff must be suitably experienced to recognise any additional risks and to make a competent assessment of the continued suitability of the trip/activity. The safe recruitment guidelines will assist in ensuring that you have staff/volunteers who are appropriate to assist with the trip.

Supervision

Staff should meet in advance of the trip, to discuss their roles and ensure that everyone understands and supports the work of the team as a whole. Often the team manager has the ultimate say in disciplinary matters, and he/she should be in agreement with all members of staff regarding the application of relevant codes of conduct.

Supporting individuals

Some children may require individual support, from people who understand their specific requirements. Some organisations provide one-to-one support for children during sporting and other leisure activities, because of their disabilities, medical needs and/or behaviour. Things are much more likely to work well for everyone when roles are clearly defined beforehand. The child can be involved in this process, if appropriate.

Drawing up a written agreement with a child can enable the coach/team captain and any support workers to understand each other's duties and responsibilities: for example, the coach/team captain may be overall charge of the group, while the role of the support worker is to safeguard the welfare of the individual.

Fragmented groups

Careful consideration must be given to the practicalities of supervising the group, especially if it needs to be split up at any time. At competitions, for example, it is not uncommon for some players to be resting or eating while others are still playing. And with some less focused players, bedtime curfews do not necessarily mean sleep; or indeed, remaining in your room. Staff must take account of this and plan to supervise accordingly.

Child protection

Within the staff group there should be a named safeguarding lead who is familiar with child protection policies and procedures, and is able to respond appropriately should the need arise. Ideally, they will have attended safeguarding workshop.

Homesickness

This is always a possibility, particularly for those who are away from home for the first time. Raise the subject openly, at your group briefing, and identify a member of staff who players can talk to if they grow homesick. Meetings with parents/guardians before the trip can also be used to establish any specific requirements: some children can only sleep with the light on, for example. Any such requirements should be treated with sensitivity and in the strictest of confidence. During the trip, be flexible about phone calls home and encourage parents to discuss any concerns with the Home Contact, if their children do become distressed in any way.

Remote supervision

Occasionally, players are not directly supervised. They may be returning to the hotel, after the day's events have been completed, or going on a local shopping trip or social visit. Older players may find that unsupervised time is specifically scheduled into their trip. However, as a general rule, children under 11 should not be allowed any 'free time'. Parents should always be informed if there will be times when their children go unsupervised.

If remote supervision is to take place, the group leader must ensure that everyone understands the ground rules and is adequately equipped to go unsupervised. Children and young people should never go out alone (groups of three or more are preferred) and a clear, realistic time limit must be imposed on any unsupervised excursion.

Children supervised remotely should know:

- How to contact a member of staff
- Where they are staying (including the telephone number)
- And they should have:
 - Money
 - Some form of identification
 - Mobile telephone number for the Team Manager
 - Maps and any other information that will contribute to their safety and enjoyment
 - A clear understanding of any areas which are 'out of bounds'

It is often helpful for one or two members of staff to sit in a park or café in the area. This makes it easy for players to 'report in' at regular intervals.

Home Contact

For trips involving overnight stays, a list of group members must be left with a contact adult who remains at home. Contact numbers and accommodation details should be included on the list.

Hotels and residential centres

Staff and players should have access to a suitable diet and this means communicating any specific requirements to your chosen hotel or residential centre. You may need to check on the availability of vegetarian or vegan meals, menus that cater for cultural or religious preferences, and gluten or nut free foods. If you are self-catering, make sure you are supplied with all the cooking equipment you need. Mealtimes should be timed to fit in with your programme.

General advice on accommodation

Whatever accommodation you choose, there are some basic rules to good practice:

- It may be helpful to discuss your control and discipline policy with the staff at the centre/hotel.
- If rooms are equipped with satellite television, inappropriate channels may be accessible. Arrange for these channels to be blocked.
- Check centre/hotel rules on room extras, breakages and lost keys.
- All accommodation should be clean, with access to sufficient toilet and bathing facilities. Consideration should be given to individual requirements; for example, Muslim players will require access to running water for washing.
- It is not acceptable for players to share a bed or for male and female players to share a room. It is also unacceptable for a member of staff to share a room with a player, unless they are parent and child.
- The organiser should be sure that players are safe. In hotels, this includes checking that rooms can be locked (and confirming availability of a 'master' or pass key, if required).
- For wheelchair users, it is important to check entrance doors, bed access and bathroom facilities, including the position of the washbasins. Any problems may be overcome by providing a career, but this should be discussed with the player and his/her parents before a booking is made.
- Similar suitability checks should be made for players who are hearing impaired, visually impaired or otherwise disabled.
- Centre/hotel staff should be made aware of the rooms occupied by your group, and advised of any members who may have difficulty in responding to a fire alarm.
- Players should be made aware which rooms are occupied by staff and advised how to contact them (using room telephones, if available). This is particularly relevant for trips abroad.

Preparing parents, guardians and carers

It is good practice to meet with parents, guardians and carers before the trip. This gives you the opportunity to address issues such as arrangements for players with disabilities, details of relevant medical conditions, confidentiality issues and consent forms. It may be appropriate to share details of your risk assessment, and to discuss the steps you have taken to reduce risks to an acceptable level.

Paperwork should be prepared for parents and players, giving as much information as possible, including contact details (don't forget to mention the Home Contact).

For trips that involve an overnight stay, your information pack needs to be more comprehensive. You should try to include:

- The purpose and objectives of the trip
- Name and contact number of the organiser
- Names of all the staff
- Name and contact details of the person acting as the place to play's Home Contact
- Details of accommodation, with full address and telephone number
- A detailed itinerary, covering scheduled activities (competitions, training, educational sessions and social events) and any unsupervised time
- A kit and equipment list
- An emergency procedures and telephone contact list
- A copy of the code of conduct
- Child protection procedures
- The estimated cost; it may be necessary to point out that the final cost could go up or down, depending on the final size of the group
- The deadline for paying deposits (and securing places) and confirmation whether or not there are any circumstances under which the deposit is returnable. Include a schedule for payment of the remaining amount
- Spending money (try to estimate an appropriate upper/lower band)
- Details of insurance cover

It is difficult for clubs/counties to organise and cost trips without knowing the likely level of the support. Even so, it's important to give parents sufficient opportunity to organise their finances. Some players may be socially excluded, if deposits are required at short notice or trips are filled on a 'first come – first served' basis.

Wherever possible, clubs/counties should give parents the opportunity to reserve a place and then agree a payment schedule that does not disadvantage the player.

Preparing young players

Information about the trip should be given to young people in a format that they will understand. This should include information about the purpose, duration and practical arrangements for the trip. They can also be reminded of the codes of conduct for the trip and who to contact if they have any concerns.

Information required from parents, guardians and carers.

For all players under 18 years of age a trip and activity consent form should be completed. This form should provide you with:

- Contact details for the parents.
- Medical information – allergies to non-prescription medicines, such as painkillers, should be highlighted. If painkillers are taken routinely, parents should confirm type, frequency and dosage. This will set the limitations for any painkillers you administer during the trip.
- Personal responsibility for asthma inhalers should also be clarified. Contact with contagious or infectious diseases must be noted, and this may need to be checked again just before departure date. Players who indicate that they have a medical condition may be asked by the insurers to complete a more detailed information form.
- Details of special requirements – any dietary requirements or special care needs.
- Consent for emergency medical treatment.
- Agreement to pay the fee.

Preparing the players

It's a good idea to include players in your pre-trip meeting with parents, guardians and carers. But a separate meeting can make it easier to focus on discussing and adopting a code of behaviour. You can also take this opportunity to give advice on the policies and procedures you are using to make the trip safe.

You can talk about what to do if anyone is being bullied, or feels frightened or homesick, and introduce an adult who they can speak to in confidence. And don't forget to discuss sharing activities, such as the ever-popular cooking and cleaning rotas.

If it's not possible to meet before the trip, these items should be covered at a briefing meeting upon arrival.

On arrival

These are the guidelines for team managers on arrival at the destination:

- Confirm room numbers with the hotel and match these to your rooming arrangements. Inform the players of the rooming list. This should be organised by the Coach/Team manager in consultation with the other staff. It is not necessarily appropriate to allow the group a free choice when it comes to sharing rooms, although any particular requests can be considered.

- Check all arrangements with the centre/hotel, including meal times, and give them a copy of your itinerary.
- Check on room phones. Look at access to outside lines, call charges and the availability of calls between rooms.
- Establish rules in relation to use of paid facilities, such as the television and mini bar.
- Check that the rooms are all suitable and clean. If there is any damage report it now, as this will save any blame or costs being passed on to group members.
- Check out the sporting venues as soon as you can.
- Initial briefing session.
- On arrival, the team captain/coach should arrange a briefing session with the whole group. This is the time to clarify child protection procedures and emergency procedures, and to reinforce the agreed code of conduct. You can also run through the itinerary and confirm that everyone understands it.

Money and valuables

Decide on the best way to secure your money, both any contingency amount and cash/travellers cheques held by individuals. With younger, inexperienced players, it may be advisable to collect their money and organise a daily bank.

This also helps to give some control in rationing money over the correct number of days (a stock of envelopes, one for each person, is useful for this). Also make provision for the safekeeping of valuables and belongings during the trip. Hotels usually offer safe boxes, but you might need to appoint an adult to take care of things, especially when the group is out and about.

Medicines

It is often advisable to appoint one adult to be in charge of all medicines centrally. This helps to ensure correct dosages are given and reduces the possibility of inappropriate drug usage. Make sure everyone knows who to go to for medication, and appoint a second member of staff to provide back up in emergencies (and access medicines when the designated adult is not available). Individuals may need to hold on to some medications, such as asthma inhalers. In this case, take your guidance from the consent form.

Daily briefing

This provides a focal point and a checking-in time for all group members. It allows for a discussion of the day's events, planning for the next day's activities and the opportunity to clarify or reinforce rules and procedures. This is also the ideal time for players, should they wish, to speak on a one-to-one basis with members of staff. They can confidentially express any personal worries, giving staff the opportunity to pick up any signs of homesickness or distress, particularly with young players.

De-brief on return

After the trip, staff should meet to discuss its success. This process can be part of your report back to the committee (which may also request a written report). If any significant issues arose on the trip, these should be detailed in writing and may be included in the place to play minutes. Areas for special consideration include the success of your pre-planning, the quality and accuracy of the programme information you provided, and any health and safety, discipline or child protection issues. This will form the basis of any feedback you give to parents.

It may be helpful to hold a de-briefing meeting for parents and players. Alternatively, you may wish to produce a general evaluation form. This gives staff, parents and players an opportunity to comment on the trip and highlight any good/bad aspects of the experience. This kind of feedback is extremely useful for deciding what lessons need to be learnt, and what can be done differently in the future to make trips even more enjoyable.

SECTION C: TRAVELLING ABROAD AND HOSTING

General advice

Staffing ratios for visits abroad will vary, but generally more staff are required than they would for a UK trip. It is important to take staff or volunteers who can speak the local language, if at all possible. Staff must meet in advance of the trip to discuss and agree roles and responsibilities. A named safeguarding lead who is familiar with the organisational child protection policies and procedures should be appointed. Ideally this person should have attended relevant safeguarding training. It is also important that all staff are clear as to their duties in this area.

The following factors should all be considered at the first stages of planning:

- Information on the language, particularly common phrases.
- The culture of the country – rules and regulations, body language, dress codes, local customs, attitudes to gender and so on.
- Exposure to drugs and alcohol and consequences in their use.
- Simple maps of the area with key locations.
- Food and drink – the suitability or otherwise of drinking tap water and care in eating uncooked foods.
- Currency and the advisability of travellers cheques.
- Telephones abroad and how to use them, including the code for phoning home, advice on phone cards and mobile phones.
- The need for current passports and visas if required.
- Requirements for any non-EU nationals, including vaccinations.
- Safeguarding Bowls child protection policy and procedures.

Reconnaissance trips

It is good practice to visit destinations before any trip is undertaken, but often this not practical. If you cannot visit beforehand, gather as much information as you can from:

- Other place to plays and organisations that have been to the area.
- The clubs in the area to be visited.
- Embassies and consulates.
- Travel agents and operators.
- The internet, books and magazines.
- Pay particular attention to cultural issues, including typical diets, attitudes to sexuality, ethnicity and disability, and any penalties relating to drugs and alcohol.

Permission to compete overseas

In order to compete abroad, you may need to obtain a letter of consent from the National Governing Body. If you will be using a group passport, a letter of consent is a prerequisite of the Passport Agency (for most sports).

If a child is subject to a Care Order or is a Ward of Court, advice should be sought from Children's Social Care and the relevant National Governing Body, before the trip begins.

Pre-Departure Checklist

Ensure you have or have completed the following:

- Paperwork to leave with the Home Contact.
- Itinerary and contact numbers/address of the accommodation.
- List of all group members.
- Contact names and address for all group members.
- Copies of parental consent forms.

Booking transport

Where possible, the team manager should book transport well in advance and arrange for seats to be reserved so that the party can travel together. If the trip is greater than four days, the Coach/Team Manager should telephone the Home Contact to provide regular updates.

Ferries, boats and coaches

The coach/team captain must make clear to group members how much freedom they have to 'roam'; misbehaviour is a major cause of accidents on these types of transport and appropriate supervision and discipline should be maintained at all times. Careful consideration should be given to allowing group members on deck without an adult.

Air travel

Journeys involving aircraft require careful planning and preparation. The airline/travel agent will be able to advise on particular requirements. The coach/team captain must ensure that players understand what constitutes appropriate behaviour on board an aircraft. If the group includes members with disabilities, check with the airline that suitable facilities are in place. The coach/team captain should strongly resist any attempt by the airline to split the group between different aircraft.

Self-drive

Clubs/counties organising their own transport need to be aware that different countries may have different legislation and regulations regarding travel and transport (some require special documentation for mini buses, for example). All group members should be made aware of the dangers of unfamiliar, right-hand drive traffic, and advised that UK minibuses/coaches may not open on the kerb side of the road. You should also be clear that you understand the levels of insurance and liability in respect of the vehicle.

Crossing roads

Extra supervision may be required to address unfamiliarity with right-hand drive traffic.

Emergency medical facilities

The European Health Insurance Card (EHIC) can be used to cover any necessary medical treatment due to either an accident or illness within the European Economic Area (EEA)

The EHIC entitles the holder to state provided medical treatment within the country they are visiting and the service provided will be the same as received by a person covered by the country's "insured" medical scheme

The EHIC is the replacement for the E111 and as of 1st January 2006. E111's are not valid. To apply for an EHIC,

- At the Post Office
- By telephone: EHIC Application Line on 08456062030
- Online –<http://ehicdirect.org.uk>

On-site procedures

If an emergency occurs during an overseas trip, the following steps must be taken:

- Notify the British Embassy/Consulate.
- Inform the Home Contact. The Home Contact's number should be easily accessible at all times during the trip. Pass the following details on, so that they may be given to parents:
 - Nature, location, date and time of the incident.
 - Names of casualties and details of any injuries.
 - Action taken (and by who), any emergency service involvement.

- Action to be taken (and by who), any further assistance required.
- Notify insurers, especially if medical assistance is required.
- Notify the provider/tour operator if appropriate.
- Ascertain landline phone numbers for future calls (do not rely on mobile phones).
- Contact the relevant National Governing Body's Designated Officer.

Emergency procedure for the Home Contact

If contacted about an emergency that has occurred on a trip, the Home Contact should:

- Ensure that the coach/team captain is in control of the emergency and establish if any assistance is required from the place to play.
- Contact parents and keep them as well informed as possible at all stages of the emergency.
- Liaise with the National Governing Body.
- Liaise with a designated media contact (if appropriate).
- Report the incident to insurers using appropriate forms (if necessary).
- Obtain advice from National Governing Body Designated Officer (if necessary).

Hosting with families

One area generates more cause for concern than any other within sport: accommodation supplied by host families. The success of an exchange visit depends largely on good relations and communications between the organisations concerned.

Usually, you need to rely on the judgement of the host club/country; its officials will know the families who are to host your players and should always check that suitable provision has been made. This becomes more difficult when the group is large and hosting arrangements are spread across a number of different places to play. The key is to maintain good, open and honest contact with your hosts and to discuss any concerns as soon as they arise.

Regular exchange visits between the same groups promote familiarity, but organisers should not become complacent. If the host club/country does not have appropriate measures in place for carrying out checks to ensure the health, safety and welfare of players staying in homes, the Team Manager must reconsider whether or not the trip should go ahead.

Parents must be made aware that children living with host families will not always be under direct staff supervision.

Recruiting a host

When recruiting hosts, hand out information sheets with an outline of the requirements any host must be able to fulfil. It is good practice for the organising club/country to put together a small group of two or three people, to visit each family and check that arrangements are suitable.

Requirements include:

- All adult members of a host family must comply with child protection procedures from their National Governing body (in respect of personal checks).
- Players should be placed with families where there is a player of similar age and, where possible, the same sex. If the players are of different sexes, both sexes must be present in the household.
- Host families should be informed of the special medical, dietary or cultural needs of their guest players (if any).
- If the group includes people with disabilities, host families must be made aware of any special requirements, such as size of room and access to bathroom facilities. You should always check that these requirements can be met.
- Hosts must be aware of the arrangements for collecting and transporting guest players throughout the trip.
- Guest players should have easy access to the staff on the trip, usually by telephone.

Your own staff should be provided with a list of the visiting group's members, detailing the names, addresses and telephone numbers of the families they are staying with. This information should also be made available to officials of the visiting club/county (those in the UK and in the home country).

SECTION D: CODE OF CONDUCT FOR TRAVELLING

Objective and scope

The purpose of this document is to establish a set of guidelines, policies and procedures for individuals and teams. It covers both the organisation of the team, and the responsibilities and behaviour of staff and players. It is specifically aimed at away trips where travel and accommodation are required, although it should be followed at any events where the place to play is represented.

Behaviour and personal conduct: Must at all times be of a high standard and reflect favourably on the sport and the place to play. Language in public and relevant group situations must always be appropriate and socially acceptable.

Consumption of alcohol: Is totally forbidden for under-age players as defined by UK law (or the law of the host country). Alcohol must not be consumed by a Team/Squad or staff member while en route, prior to, or following a competition event, training camp or other activity, without specific consent from the Team Manager, and never when they are responsible for children. During competition, alcohol is strictly forbidden to all team/squad members and staff.

Smoking: Is prohibited by Team/Squad members and staff whilst en route, prior to, during, or following a competition event, training session or team activity.

Personal appearance: Shall be appropriate to the circumstances as indicated by the Team Manager. Team kit and equipment shall be worn as directed by the Team Manager when competing and training, when assembling or travelling, at official team functions and on other occasions as notified.

Attendance: Is expected at all activities unless agreed by the Team Manager. For the duration of the trip players should keep staff informed of their whereabouts. Punctuality on all occasions is essential and any curfew must be observed.

Illegal performance drugs and substances: Are strictly forbidden. Players are expected to be aware of the current list of banned substances and particular care must be exercised if anyone is on medication prior to, or during an event.

Other illegal drugs and substances: Are strictly prohibited, even though they may not appear on the official banned list in respect of performance enhancing drugs.

Accommodation: At hotels or equivalent must be as directed by Team Manager. Players should accept their appointed rooms and observe occupancy rules: extra, unauthorised people must not be allowed to stay in rooms (particularly overnight) under any circumstances.

Medication: Current medication should be reported to the Team Manager, who will then report it to the relevant personnel. Allergies to any medication must also be reported to the Team Manager (this is often overlooked but is an essential part of proper medical care).

Sanctions: Breaches of the code of conduct shall be dealt with in the first instance by the Team Manager. He/She shall report the incident to the secretary of the place to play, who will then take further action as is deemed necessary.

SECTION E: IF YOU HAVE ANY CONCERNS ABOUT A CHILD'S WELFARE

Please remember, it is not your responsibility to decide whether or not a child is being abused, but you must act on your concerns and pass them on.

Make a detailed note of what you've seen or heard but don't delay passing on the information to your Club, County or National Governing Body's Designated Officer.

- Your information should include:
- The nature of the suspicion or allegation
- A description of any visible injury
- The player's account of what has happened
- Dates, times and any other factual information

Further guidance is available via safeguarding bowls – www.safeguardingbowls.org

Guideline 6

Transport Guidelines

When it comes to transport, the main points to consider are:

- Passenger safety.
- The competence and training of the driver to drive the proposed vehicle (assessed by an allocated person within the club/national governing body) and whether he/she holds insurance and an appropriate, valid licence.
- Total journey time, hours on the road, overall distance and suitable stopping points.
- The length of the driver's day – will more than one driver be required?
- Type of journey, traffic and weather conditions, appropriate insurance and breakdown cover.
- Supervision requirements.
- Suitability of transport, if players with disabilities are travelling.
- Emergency procedures.

Legislation

It is the responsibility of the organising official to ensure that the travel arrangements and transport used are suitable for the journey. Vehicles transporting players should be appropriate, roadworthy and insured. Drivers must be appropriately licensed, and are responsible for the maintenance and care of their vehicle during the trip.

Minibuses and coaches

Minibuses and coaches carrying groups of three or more children (aged 3 to 15 years) must be fitted with seat belts for each child. Where seat belts are provided they must be worn. Vehicles used to transport wheelchairs should have anchor points. The driver must be suitably qualified and experienced in driving a minibus or coach.

Private cars

It is the responsibility of the driver to ensure that the travel arrangements and type of transport are suitable for the journey. Vehicles transporting players should be appropriate and roadworthy and they should also have the appropriate licence and insurance cover.

The insurance cover when transporting people as part of work, whether paid or not should be business cover (insurance companies charge very little for this extra cover). It is the driver's responsibility for making sure the player's have seat belts and use them. Vehicles without seat belts should not be used.

It is important that adults driving players around are not put in a position where they are alone with the player. If this is absolutely necessary, and approved by the club/national governing body then parental permission should be obtained.

When groups of players are travelling together in a private car then a central collection and dropping point should be arranged.

Particularly reminder for coaches: you are not a 'taxi driver' you are a bowls coach. It is the parents' responsibility to get their child to a certain location or event.

The private car users form should be completed for all private drivers.

Child Seats/Restraints

The law says that all children under the age of 12 will have to use some form of child car seat, unless they are taller than 135cm (4ft 5in). Regardless of whether the child is in the front or rear seats in cars, vans and other goods vehicles, the child must travel in the correct child restraint for their weight with very few exceptions.

The correct child restraint may be a rearward facing baby seat, forward facing child seat, booster seat or booster cushions. The law states that it is the driver's responsibility to ensure that children under the age of 14 years are restrained correctly in accordance with the law.

The law does not require child restraints to be provided in taxis, private hire vehicles, minicabs, minibuses, buses or coaches, although they must be used if available. Seat belts must be worn, if fitted.

Exceptions to the rules

In limited circumstances, children can travel without the correct child restraint. These include:

- In a licensed taxi or licensed private hire vehicle – If the correct child restraint is not available then, in the rear seat only, children under three may travel unrestrained. Children aged three years and over must use an adult seat belt.
- In cases of unexpected necessity over a short distance – If the correct child restraint is not available then, a child of three years or more must use an adult belt and be seated in the rear seat only. This exemption does not apply to children under three years and does not cover regular school runs or other journeys that are planned in advance.
- Where two occupied child restraints in the rear seat prevent you fitting a third - In this case, provided the front seat is occupied, a third child aged three years and over can use an adult seat belt (lap OR lap and diagonal) in the rear. If the front seat is free, then they must sit there using the correct child restraint.
- In older vehicles with no rear seat belts – In this case, children three years and over may travel unrestrained.

Travelling in a Coach or Minibus

All coaches and minibuses manufactured after October 2001 must now be fitted with either three point seat belts or lap belts on forward or rearward facing seats. If you plan to travel by coach or minibus, you should contact the Operator in advance and ask if the vehicle is fitted with seat belts and if they offer the appropriate child car seat restraint. It may not always be possible for the Operator to carry a range of car seats on their vehicle.

If the Operator is unable to provide the appropriate car seat restraints, you should inform the parent/guardians/carer of this. If the Operator is able to provide the appropriate child car seat restraints you should use these, and inform the parent/guardian/carer of this.

For further information regarding the above please visit: www.childcarseats.org.uk or www.thinkroadsafety.gov.uk

Guideline 7

Useful External Support Contact List

Child Protection in Sport Unit (CPSU) - is able to give advice and support to all volunteers in sport clubs. The CPSU was founded in 2001 to work with UK Sports Councils, National Governing Bodies of Sport (NGB's) County Sport Partnerships (CSP's) and other organisations to help minimise the risk of child abuse during sporting activities.

CPSU is based at the NSPCC National Training Centre, 3 Gilmour Close, Beaumont Leys, Leicester, LE4 1EZ

Telephone: 0116 234 7278 **Email:** cpsu@nspcc.org.uk **Website:** www.thecpsu.org.uk

All clubs should ensure they have local contact details for reference. These should include local police station contact details, details of the local Community Support Officer and a number for the local Social Services.

THE FOLLOWING ARE A SELECTION OF EXTERNAL AGENCIES THAT CAN PROVIDE SPECIALISED SUPPORT ACROSS A RANGE OF AREAS:

Ann Craft Trust

The Ann Craft Trust works with staff in the statutory, independent and voluntary sectors to protect people with learning disabilities who may be at risk from abuse. They also provide advice and information to parents and carers who may have concerns about someone that they are supporting.

www.anncrafttrust.org • Tel: 0115 951 5400

ASSIST

ASSIST is a registered charity dedicated to offering confidential, emotional and practical support to individuals and families affected by trauma. www.traumatic-stress.freeserve.co.uk

Tel: 01788 560 800 (Helpline)

Breaking Free

An organisation that provides, support to female adults who have experienced childhood sexual abuse.

www.breakingfreecharity.org.uk 0845 122 1331 (Helpline)

CHILDLINE

A free 24-hour helpline for children

www.childline.org.uk • Tel: 0800 1111

Citizens Advice Bureau The Citizens Advice service helps people resolve their legal, money and other problems by providing free information and advice from over 3,000 locations across England, Wales and Northern Ireland. See the website for details of local offices.

www.citizensadvice.co.uk

DCSF Bullying

The Department for Education and Skills has provided this web site to show pupils, their families and teachers how to tackle bullying.

www.dcsf.gov.uk/bullying

Family Rights Group

Provides advice and support to families whose children are involved with social services and develops and promotes services that help secure the best possible future for children and families.

www.frg.org.uk Tel: 0800 731 1696 (Helpline)

Kidscape

Kidscape provides individuals and organisations with practical skills and resources necessary to keep children safe from harm. Kidscape was established to prevent bullying and child sexual abuse.

www.kidscape.org.uk Tel: 08451 205 204 (Helpline for use by adults concerned about a child being bullied)

Lantern Project

This charity provides information and support services for adult victims of child sexual abuse. www.thelanternproject.co.uk

NAPAC (National Association for People Abused in Childhood)

NAPAC is a registered charity, which provides support and information for people abused in childhood.

www.napac.org.uk • Tel: 0800 085 3330

NSPCC Helpline

The NSPCC Child Protection Helpline is a free, national, 24-hour service, which provides counselling, information and advice to anyone, including children, concerned about a child at risk.

www.nspcc.org.uk • Tel: 0808 800 5000

Rape Crisis England and Wales

The website provides information for survivors of sexual violence and their friends and family to access the services they need and details of local rape crisis centres.

www.rapecrisis.org.uk

Samaritans

Provides confidential & emotional support 24 hours a day for people who are experiencing feelings of distress or despair including those that may lead to suicide.

www.samaritans.org.uk • Tel: 08457 90 90 90

Stop It Now

Stop it Now ! UK & Ireland is developing a public health approach to the prevention of child sexual abuse through a network of local projects and national initiatives. It provides adults with the information they need to recognise worrying behaviour in themselves or others, and with the confidence to take responsible action when they suspect that something is wrong.

www.stopitnow.org.uk • Tel: 0808 1000 900

Survivors

This agency provides information, support and counselling for men who have been raped or sexually abused.

www.survivorsuk.org • Tel: 0845 122 1201

Local Safeguarding Children Boards

Local Safeguarding Children Boards (LSCBs) were established by the Children Act 2004 which gives a statutory responsibility to each locality to have this mechanism in place.

LSCBs are responsible for local arrangements for protecting children and young people. They provide inter-agency guidelines for child protection.

See Guideline 8.

Local Authority Designated Officer (LADO)

Within the Local Safeguarding Children Board there will be a Local Authority Designated Officer (LADO)?

The role of the Local Authority Designated Officer (LADO) works within Children's Services and should be alerted to all cases in which it is alleged that a person who works with children has:

- behaved in a way that has harmed, or may have harmed, a child.
- possibly committed a criminal offence against children, or related to a child.
- behaved towards a child or children in a way that indicates s/he is unsuitable to work with children.

Guideline 8

Local Safeguarding Children's Boards

The Local Authority Designated Officer (LADO) role applies to paid, unpaid, volunteer, casual, agency and self-employed workers. They capture concerns, allegations or offences emanating from outside of work. The Local Authority Designated Officer (LADO) is involved from the initial phase of the allegation through to the conclusion of the case.

They will provide advice, guidance and help to determine whether the allegation sits within the scope of the procedures.

The LADO helps co-ordinate information-sharing with the right people and will also monitor and track any investigation, with the aim to resolve it as quickly as possible.

Useful Internal Bowls Contact List

Bowls England

NGB Designated Officer **Alistair Hollis**
email: alistair.hollis@bowlsengland.com
Telephone: 07765 050408

English Indoor Bowling Association Ltd

NGB Designated Officer **Joanne Shore**
email: joanneshore@eiba.co.uk
Telephone: 01664 481900

Bowls Development Alliance

Manager **Susan Cooper**
email: susan@playbowls.org
Telephone: 07884 358202

Safeguarding Bowls Policy Group

This group reviews, manages and develops the safeguarding policies within bowls and on behalf of the three organisations involved.

- 1 Representative from the Bowls Development Alliance
- 1 Representative from Bowls England
- 1 Representative from EIBA Ltd

Safeguarding Case Management Group

This group considers and makes decisions about the management of any case concerns including consideration of positive DBS disclosures. It is informed by any statutory involvement if applicable.

- 1 Representative from Bowls England
- 1 Representative from EIBA Ltd
- 1 Independent Representative

Safeguarding Bowls Appeals Group

This group manages appeals against decisions taken about case issues in regard to complaints or grievances expressed.

- 1 Representative from the Bowls Development Alliance
- 1 Representative from Bowls England
- 1 Representative from EIBA Ltd

Guideline 10

Safeguarding Training Plan

Training	Who?	What and when?	Cost
<p>Child Protection Awareness in Sport & Active Leisure (EduCare)</p>	<p>All Club volunteers</p>	<p>Four modules available for home study which when completed result in a recognised certification www.educare.co.uk tel 01926 436212</p> <p>To be promoted by the BDA, Bowls England and EIBA Ltd and funded by individual clubs</p> <p>Timescales – Sept 2013 onwards</p>	<p>£29.50</p>
<p>Safeguarding & Protecting Children (sportscoach UK)</p> <p>To be promoted by the BDA, Bowls England and EIBA Ltd through their websites and funded by individual clubs for their Club Welfare Officer</p>	<p>Coaches/Club Welfare Officers</p>	<p>3 hour face to face course.</p> <p>Delivery Options</p> <p>1 County Sport Partnerships deliver “Safeguarding & Protecting Children” workshops for all sports throughout the year. They are run locally and Club Welfare Officers can attend CSP’s are expected to deliver these courses as part of their “Core Offer” to bowls www.cspnetwork.org</p> <p>2 sportscoach UK deliver their own “Safeguarding & Protecting Children” workshops For local information go to www.sportscoachuk.org</p> <p>3 The BDA will be working with key partners to produce a course based on the 3hr sportscoach UK course but using bowls scenarios These will be delivered across the country over the next 4yrs starting in the 5 HOT SPOT areas in January 2014</p> <ul style="list-style-type: none"> • Active Norfolk • Active Essex • Active Sussex • Coventry, Solihull/Warwickshire • Wesport – Bristol/Bath/NE Somerset/S Gloucestershire 	<p>£30-£40</p>

Guideline 11

Photographing and Filming Children in Sport

Photographing and Filming Children in Sport

Photos of young people enjoying the sport can be great promotional tools. But when personal information is added to photographs, these images can be used to identify children, and put their safety and privacy at risk. Photographs can also be adapted for inappropriate use.

First principles for photography and video

The welfare of children who are taking part in Bowls is paramount.

Parents and children have a right to decide whether images will be taken and how they will be used.

Parents must give written consent for their child's image to be taken and used. See our Photography Permission Form (Template 10).

In terms of content, images should only convey best practice and positive aspects of Bowls.

Care should be taken to ensure that images are not sexual or exploitative in nature, or open to misinterpretation and misuse.

Efforts should be made to ensure that images are only taken by authorised persons, as agreed in the protocol for a particular event.

Publishing images

Photographers should obtain written permission from parents to take and use their child's image.

If the club wants to recognise the achievement of an individual bowler by publishing their name with their photograph, personal details should NEVER accompany the image (e.g. postal or email address, telephone numbers).

Try to take and use photographs that focus on the activity, rather than a particular child. Where possible, use images that represent the diverse range of children who take part in bowls.

Ensure images reflect positive aspects of children's involvement in bowls, like fun, competition and special achievements.

Report any inappropriate image use to the authorities. **If you have a concern, report it to the NGB Designated Safeguarding Officer.**

Filming and photography at competitions

If you are inviting a member of the press or a professional photographer to a session, make sure they understand their responsibilities when it comes to child protection issues.

Provide a clear brief about what is appropriate in terms of image content and their behaviour around the players.

Inform all attendees that a photographer will be present.

Make it clear that unsupervised access to children or one-on-one photography or filming sessions, at the event or elsewhere, will not be permitted.

If parents or other spectators plan to photograph or film the event, they should be prepared to identify themselves and explain their reasons for recording the event on camera.

People who want to use photographic equipment at the event should be asked to register. See our Photography Registration Form Appendix Form (Template 9).

Parents and children should be made aware that if they have concerns, they can report them to the event organiser or the club's Child Welfare Officer. The organiser or CWO should address these concerns as they would any child protection issue.

Guideline 12

Complaints Procedure

The Bowls Development Alliance (BDA), working with Bowls England (BE) and the English Indoor Bowling Association Ltd (EIBA Ltd), is committed to providing a quality service for its members and working in an open and accountable way that builds the trust and respect of all our stakeholders.

One of the ways in which we can continue to improve our service is by listening and responding to the views of our members, customers and stakeholders, and in particular by responding positively to complaints, and by putting mistakes right.

Complaints by children and young people should follow the same procedure with additional support from the Club Welfare Officer.

The purpose of a formal complaints procedure is intended to ensure that all complaints are handled fairly, consistently and wherever possible resolved to the complainant's satisfaction.

Responsibility for Action

The BDA Manager along with both NGB officers with a Safeguarding responsibility are jointly responsible for taking appropriate action.

Confidentiality

Apart from in exceptional circumstances, every attempt will be made to ensure that both the complainant and the BDA and NGBs maintain confidentiality. However, the circumstances giving rise to the complaint may be such that it may not be possible to maintain confidentiality and each complaint will be judged on its own merit. Should this be the case, the situation will be explained to the complainant.

Monitoring and Reporting

All complaints will be recorded and quarterly monitoring will take place to ensure procedures are being adhered to.

FORMAL COMPLAINTS PROCEDURE FOR PARENTS

Stage 1

In the first instance, if your complaint concerns a Bowls Club Welfare Officer or a volunteer at the club and you are unable to resolve the issue informally or at a local level, you should write to your relevant NGB so that he/she has a chance to put things right.

In your letter you should set out the details of your complaint, the consequences for you as a result, and the remedy you are seeking.

You can expect your complaint to be acknowledged within 4 working days of receipt.

You should receive a response and an explanation within 28 working days.

Stage 2

If you are not satisfied with the initial response to the complaint then you can ask for your complaint and the response to be reviewed by the relevant NGB Board of Directors. The aim is to resolve all matters as quickly as possible. However, inevitably some issues will be more complex and therefore may require longer to be fully investigated. Consequently timescales given for handling and responding to complaints are indicative. If a matter requires more detailed investigation, you will receive an interim response describing what is being done to deal with the matter, and when a full reply can be expected and from whom.

Final Stage

If you are not satisfied with the subsequent reply from the relevant Board of Directors, then you have the option of writing to the Chair of the relevant Board stating the reason why you are dissatisfied with the outcome. You must do this within 10 days of receiving the written response from the relevant Board.

The Chair (or their nominee) will respond normally within 10 working days to inform you of the action which will be taken to investigate your complaint, and when you can expect to hear the outcome of the investigation.

His/her decision will be final.

Guideline 13

Safeguarding Induction Process for Clubs

- Place copies of all Safeguarding documents onto the Club noticeboard.
- Have as an agenda item for discussion at Club Committee Meeting.
- Agree the process for raising the awareness of Safeguarding to all club members, including coaches, volunteers, paid staff, parents of young children and those Under 18 members.
- Club reviews the Action Plan to check they have all the procedures and processes in place.
- These procedures and processes are reviewed annually.

Raising the Awareness

- Provide coaches with copies of the Policy and Guidelines.
- Bring parents of those Under 18 together to share information and in particular to hand out copies of the flow charts which identify what needs to be done if there are concerns.
- Ensure the relevant people with a responsibility for Safeguarding attend appropriate training.

Guideline 14

Roles and Responsibilities

Club Welfare/Safeguarding officer

The person within the Bowls Club has the responsibility for managing and reporting concerns about children and for putting into place procedures to safeguard children in the club.

County/Regional Welfare/Safeguarding officer

The person within a sports organisation with the responsibility for managing and reporting concerns about children and for putting into place procedures to safeguard children in the county structure and supporting club welfare officers where relevant. Also known as County Welfare Officers.

National Designated Safeguarding/Child Protection officer

The designated person within a sports organisation with primary responsibility for managing and reporting concerns about children and for putting into place procedures to safeguard children in the organisation, including supporting club/county/regional welfare officers where relevant.

Case Management Group

The role of the case management group (CMG) is to manage the sports organisation's initial response to reported concerns about the welfare or abuse of children and young people, and potential risks from adults or other young people. This includes the level at which the concern will be dealt with (from local to national), which procedures will be used and whether or not the concerns should be discussed with or referred to statutory agencies. The CMG should also monitor progress on cases and report to the organisation's senior management or board on issues arising from cases and trends which require management action.

Children's Social Care or Children's Services

The statutory organisation responsible for responding to concerns about children and leading investigations about child abuse in partnership with the police. Also known as Social Services.

Local Safeguarding Children Boards (LSCBs)

LSCBs are responsible for local arrangements for protecting children and young people. They provide inter-agency guidelines for child protection. Further information on the role of an LSCB can be found on the following link which is from the Department for Education website <http://www.education.gov.uk/childrenandyoungpeople/safeguardingchildren/b0066748/local-safeguarding-children-board-lscb-communications-toolkit>

Local Authority Designated officer (LADO)

LADOs work within children's services departments and should be alerted to all cases in which it is alleged that a person who works with children (in a paid, unpaid, volunteer, casual, agency or self-employed capacity) has behaved in a way that has harmed, or may have harmed, a child possibly committed a criminal offence against children related to or behaved towards a child or children in a way that indicates s/he is unsuitable to work with children. The LADO will support the organisation with advice and guidance from the initial phase of a concern arising to the conclusion of the case, whether or not a police investigation continues.

Care Standards Act 2000
I ensure consistent minimum quality of day care nationally for children under eight.

The Sexual Offences (Amendments) Act 2000

Children Act 1989

Children Act 2004

Human Rights Act 1998

The Sex Offenders Act 1997
I am the Act that allows courts to ban convicted sex-offenders from going near specified places such as schools or from specific activities such as working with children.

The Sexual Offences Act 2003

Data Protection Act 1988

Health and Safety at Work Act 1974

Rehabilitation of Offenders Act 1974

Working Together Safeguard Children 2013
I set out the roles and responsibilities of all organisations working with children.

Safeguarding Vulnerable Groups Act 2006

Protection of Children Act 1999

Criminal Justice and Court Services Act 2000
I list the responsibilities of "public bodies" to prevent unsuitable people from working with children.

The Police Act 1997

RIGHT & RESPONSIBILITIES

SAFEGUARDING CHECKS FOR RECRUITMENT
